To Whom It May Concern

Corporate Ontario Protection Services is an Investigative company based in Mississauga Ontario Canada. Our clients are professional people who demand excellence.

We have used the services of RBS Computer Forensics on numerous occasions to aid in our investigations. Corporate Ontario Protection Services has never been disappointed by the attention to detail and professionalism shown by Robert Bonenfant of RBS Computer Forensics. On two occasions I have been approached by international companies that had exhausted all avenues of data recovery through other so called "experts". On both of these occasions RBS Computer Forensics was able to recover sufficient data to bring these matters to a successful conclusion.

I have no hesitation in recommending the services of Mr. Bonenfant and RBS Computer Forensics.
