Dear Mr. Bonenfant:

It is with great pleasure that I respond in writing on behalf of my company, PII Private Investigations International, Inc. to offer a testimonial to the service you offer your clients.

I had the distinct pleasure of working closely with you on two recent very intensive (Private and Confidential) investigations and found you to be the consummate professional, who very meticulously covered every aspect of the investigation and detailed it in a comprehensive report.

The best part was your interaction with our clients, which you handled with ease, making them fully understand the intrinsic parts of the investigation.

I want to once again take this opportunity to thank you for all your hard work on our behalf and I know that you will also work hard for future clients to satisfy them with the quality and professionalism of your work.

Yours truly,

PII Private Investigations International, Inc.
